YOUR TRUCK. YOUR WAY.

OUR STORY. OUR PEOPLE.

WHO WE ARE

Work Truck West is the work truck equipment division of West Coast Machinery Inc., working alongside our excavator attachment division, ShearForce Equipment. With **over 50 years of experience** through West Coast Machinery, we build trucks tough enough for demanding terrains and conditions, **standing behind every build** with customization, maintenance, and repair. We're here from initial build to long-term operation.

WHAT WE DO

As your one-stop shop for medium-duty work truck equipment, we make it easy to plan, build, and deliver trucks that are ready to perform. Our team takes the time to **understand exactly what you need** your work truck to do, then **builds a solution** around the way you work.

HOW WE DELIVER

By maintaining an inventory of truck chassis and work bodies at our facility, **we reduce lead times** and get you on the road faster. Flexible financing options help make the purchasing process straightforward and stress-free. **Behind every truck is a dedicated team**, from management and support staff to production teams and service technicians, we're committed to delivering results.

OUR MOST POPULAR UTILITY TRUCK *Features*

FLAT DECK & CRANE TRUCKS

HAULING POWER MEETS LIFTING PRECISION.

Designed for maximum versatility our flat deck and crane truck packages are custom-built around your work.

Choose from multiple deck configurations, materials, and storage layouts, then add crane systems and job site equipment to create a versatile, heavy-duty platform designed to haul, lift, and perform in demanding environments.

SERVICE DECKS

TOOL STORAGE MEETS OPEN- DECK VERSATILITY.

Our service deck trucks combine the organized storage of a mechanic service body with the versatility of an open rear deck.

Designed for contractors who need both secure tool storage and extra hauling space, these custom-built packages deliver unmatched flexibility, efficiency, and worksite performance.

Combining intelligent storage layouts with open design, these trucks deliver smooth workflow, superior durability, and job site flexibility.

PICKER DECK TRUCKS

SERIOUS LIFTING POWER. ZERO COMPROMISE.

KNUCKLEBOOM CRANES - With hydraulic or manual outriggers and a variety of lifting capacities.

HOLDERS AND RACKING - Space for pipes, large tools, compressors, welders.

CABINET STORAGE OPTIONS - Underbody and behind cab storage options available.

DECK LENGTH & MATERIALS - Decks available from 6' - 11' in length and can be finished in aluminum, steel, or wood.

DUMP & LANDSCAPE TRUCKS

BUILT TO HAUL. BUILT TO HUSTLE.

Trusted by municipalities, contractors, and landscapers across Western Canada, our dump and landscape truck packages are a necessity among many applications.

Featuring premium steel or aluminum dumps and industry-leading landscapers, each unit gets you on the road efficiently.

SNOW & ICE TRUCKS

WHEN WINTER SHOWS UP, YOU SHOW UP READY.

Built for brutal winter conditions, our snow and ice trucks combine powerful plowing, efficient spreading, and rugged reliability to keep you moving when it matters most.

From plows and spreaders to advanced pre-wet systems, each package is custom-built to keep roads, lots, and worksites safe, clear, and operational all winter long. Our snow & ice truck packages deliver dependable power and proven durability in all types of winter conditions.

HOOKLIFT TRUCKS

MAXIMUM FLEXIBILITY. ULTIMATE PRODUCTIVITY.

Our hooklift trucks deliver unmatched versatility for hauling containers, equipment, and flatbeds.

Equipped with top of the line hook lift systems, these trucks are built for fast changeovers, efficient operation, and long-term durability, keeping your fleet productive and adaptable to whatever's on the go.

ACCESSORIES AND ADDITIONAL EQUIPMENT

AIR COMPRESSORS, WELDERS, AND GENERATORS

We supply and install a variety of brands to outfit your truck to meet your needs. We have a variety of units that can be stored inside your truck, on top of your truck, or under your truck's hood.

SERVICE AND KNUCKLEBOOM CRANES

Whatever site you're on, you can be sure to carry the load. Service and knuckleboom cranes available. Our smallest cranes have lifting capacities of 900 lbs, with our largest being able to lift up to 14,000 lbs.

PRODUCT SUPPORT AND SERVICE

Your work depends on reliable equipment. That's why we provide responsive service, expert repairs, and fast access to critical parts, ensuring your truck stays on the road and your crew stays productive. From cranes and hydraulics to compressors and service bodies, our team delivers the expertise and support your operation depends on.

WE DON'T JUST BUILD TRUCKS
We keep them moving
