

AIR N ARC® 250 Diesel

Built for the Full Service Professional and Fuel Efficiency

The **Air-N-Arc® 250 Diesel** offers the power you need for multi-functioning with more than one utility plus the benefit of the fuel saving Kubota Diesel Engine. Varying air and fuel configurations combined with the Remote Mount Control panel provides mounting options to meet the majority of applications.

SPECIFICATIONS

Engine	25 HP Kubota Diesel, Water Cooled
Compressor Type	Reciprocating
Generator Wattage	10,000 watts pure sine power 120V/220V
Welder Amperage	250 amps high frequency DC/CC at 100% duty cycle
Max Pressure (psi)	200
CFM Rating	24 cfm @175 psi (optional 34 cfm)
Air Storage Capacity (gal)	12
Drive System	Dual V-belt/serpentine
Fuel Capacity (gal.)	17 gallons or draw from chassis
Weight (lbs.)	1050
Dimensions - 12 gal. (in.)	35W x 47.5L x 39H
Dimensions - 12 gal. no fuel tank (in.)	35W x 47.5L x 34H

Product improvement is a continuing goal. Design and specifications are subject to change without notice or obligations.

MADE IN THE USA

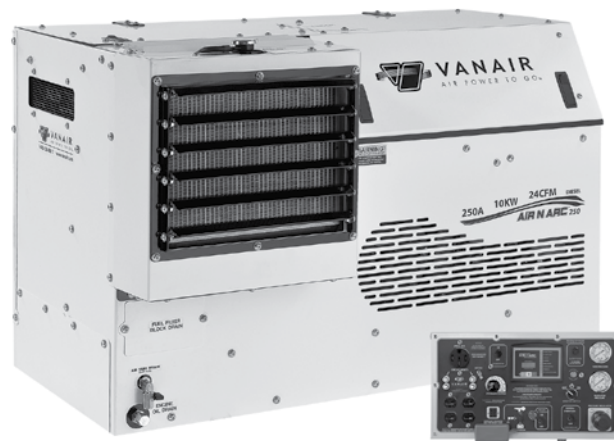

SPECIAL FEATURES

- Air compressor/welder/generator opt. battery charger
- On demand feature allows start up and shut down based on demand
- Powder-coated
- Electric start
- Pure Sine generator for safe running of delicate equipment
- Two generator system allows multifunction of welder and electric tools
- 100% duty cycle high frequency welder (2 yr. warranty)
- Amperage and power controls built into welding lead for ease of use
- Air tank drain and engine oil drain easily accessed from front
- Cast iron air pump (dual stage – 200 psi max)
- Remote mount control panel is standard. Panel can be mounted on either the machine or in service body compartment.
- Braided stainless steel air supply hose
- Integrated lift hook
- Integrated battery tray

OPTIONS/ACCESSORIES

- Welding rods
- Cable extensions - 20', 30', 40', 50'
- Battery booster cables
- Gel or dry cell battery
- Electric fuel pump
- Fuel tank – slimline 11 gal.
- Remote air tank options
- Remote condensation drain
- Electrode holder
- Ground clamp
- Spoolgun
- 12V/24V charge boost capability
- 12V charge boost - CV MIG capability
- Welding helmet with auto darkening lens
