

SERVICE BODIES

8 SERIES

8' SRW ALUMINUM SERVICE BODY

LENGTH	HEIGHT	BODY WIDTH	COMPT. DEPTH	FLOOR WIDTH	WEIGHT (LBS)	STORAGE CAPACITY	CARGO AREA (SQ. FT)
109"	43.25"	79"	15"	48.62"	1000	69.7	32.3

The Milron 8 Series is constructed of 100% 5052 high-strength aluminum, reduce your fuel consumption, and increase your payload with our lightweight powder-coated corrosion-resistant service body. Durable as steel but not light duty, Milron makes sure its bodies are reliable and dependable in any situation you put it through.

Our 8 Series aluminum service body is designed to deliver big-time capability in the workforce and turn heads everywhere. It can tackle any weather or vocation while looking great doing it. We make those challenging tasks on the job site look easy.

Start exploring today and see how a Milron aluminum truck body lasts up to 3X longer and is up to 50% lighter than a competitors steel body.
